PLANTS FOR MOIST TO WET CONDITIONS

*Plants marked with an * are more tolerant of very wet or periodically flooded conditions. When selecting plants using this list, remember that a number of factors determine the suitability of a plant for a particular location. In addition to adaptability to moisture, also consider light requirements, soil type, hardiness and heat tolerance, and other factors.*

WOODY PLANTS

TALL DECIDUOUS TREES	SMALL DECIDUOUS TREES	DECIDUOUS SHRUBS
*Acer rubrum	Amelanchier arborea	Aesculus parviflora
Asimina triloba	Chionanthus virginicus	Amelanchier species
*Betula nigra	Cornus alternifolia	Azalea arborescens
*Carpinus caroliniana	Hamamelis virginiana	Azalea vaseyi
*Carya illinoensis	Magnolia tripetala	*Azalea viscosum
Catalpa species	Ostrya virginiana	Baccharis halimifolis
*Diospyros virginiana	Styrax americanus	Callicarpa americana
*Fraxinus pennsylvanica	*Salix species	Calycanthus floridus
Gleditsia triacanthos		*Cephalanthus occidentalis
*Liquidambar styraciflua	EVERGREEN TREES	*Clethra alnifolia
Magnolia macrophylla	*Chamaecyparis thyoides	*Cornus sericea
Metasequoia glyptostroboides	*Gordonia lasianthus	Forsythia species
*Nyssa aquatica	Ilex opaca	Fothergilla species
*Nyssa sylvatica	Magnolia grandiflora	*Itea virginica
*Platanus occidentalis	*Magnolia virginiana	Hydrangea macrophylla
*Quercus nigra	*Pinus taeda	*Lindera species
Quercus palustris		Rosa carolina
*Quercus bicolor		Rosa palustris
*Quercus phellos		Rosa virginiana
*Taxodium distichum		*Sambucus canadensis
		Sambucus nigra
		Spiraea x vanhouttei
		Thuja occidentalis
		*Vaccinium corymbosum
		Viburnum opulus
		Xanthorhiza simplicissima
		Zenobia pulverulenta

New varieties are added/available on a regular basis.

Please call for availability and updates **631-586-6242**

PLANTS FOR MOIST TO WET CONDITIONS

*Plants marked with an * are more tolerant of very wet or periodically flooded conditions.*

PERENNIALS	PERENNIALS cont	GROUND COVERS
*Acorus calamus	Monarda didyma	Ajuga species
*Acorus gramineus	Physostegia virginiana	Convallaria majalis
Agapanthus	Tiarella cordifolia	Galium odoratum
Arisaema triphyllum	Tradescantia virginiana	Liriope spicata – Liriope
*Asclepias incarnata	Tricyrtis formosana	Waldsteinia species
Aspidistra elatior	Vernonia noveboracensis	GRASSES
Aster novae-angliae	FERNS	*Arundo donax
Astilbe x arendsii	*Adiantum pedatum	*Carex species - Sedges
Chelone species	Athyrium filix-femina	Chasmanthium latifolium
Cimicifuga species	Athyrium nipponicum	Panicum virgatum
Crinum species	Cyrtomium falcatum	Spartina pectinata
Eupatorium purpureum	Dryopteris erythrosora	ANNUALS
*Filipendula species	Dryopteris filix-femina/mas	Agapanthus
*Helianthus angustifolius	Matteuccia pennsylvanica	*Alocasia
Hemerocallis hybrids/species	Onoclea sensibilis	*Canna species
Hibiscus species	Osmunda cinnamomea	Coleus
*Iris ensata	Osmunda regalis	*Colocasia
*Iris hybrids	*Thelypteris palustris	Hedychium species
Iris sibirica	VINES	Impatiens
*Iris versicolor	Bignonia capreolata	*Mimulus alatus
Ligularia species	Campsis radicans	*Xanthosoma
*Lobelia cardinalis	Decumaria barbara	*Zantedeschia aethiopica
*Lobelia siphilitica	Gelsemium sempervirens	Zephyranthes atamasca
*Lysimachia clethroides	Hydrangea anomola petiolaris	Zephyranthes candida
Mentha species	Lonicera sempervirens	
Mertensia virginica	Wisteria frutescens	

New varieties are added/available on a regular basis.
